## OCALA OCCURRENCES

If you have any society items, phone five-one.

Mr. J. C. Lanier left today for Jacksonville for a few days business visit.

Mrs. E. G. Peek has gone to Wheeling, W. Va., having been called there on account of the critical illness of one of her sisters.

"The Truby Strawberries" at W. A. Stroud's today only 33c a quart today.

Miss Bessie Whetstone returned Monday afternoon from a very pleasant visit at Lake Weir, the guest of Mrs. J. G. Spurlin.

Messrs. L. A. Gable and G. O. Zimmerman left this morning for Newberry to install one of those popular Delco lighting plants.

The wonderful diamond display at the Weihe company store will be held over this afternoon in order to give those who did not see them an opportunity of seeing this grand collection. Those who have seen them are also invited to view them again. Do not miss seeing the largest diamond in Florida.

Mrs. M. A. TenEyck was the charming hostess yesterday afternoon at her home entertaining her Sunday school class, the Wesley Bible class. About twenty-five members were present and it was indeed a very enjoyable afternoon for all present. Mrs. A. A. Winer cleverly recited a poem to the delight of her hearers. Mrs. T. E. Bridges also gave a piece which she composed herself, entitled "Lake Weir," which was a great treat. Mrs. TenEyck, assisted by her sister, Mrs. M. E. Williams and Mrs. Ed Clements, served refreshments of brick ice cream and cake.

Mr. H. M. Loeb of Atlanta has arrived in the city and accepted a position at Mr. Jake Goldman's store. Mr. Loeb is an excellent young man and "Jake" is quite fortunate in securing his services.

Mrs. R. A. Altred and daughter, Mrs. L. W. Hendrix and her two sons, Laird and Robert, arrived in the city yesterday from Pennsylvania and have joined Mr. Alfred at the Colonial, where they will be for the next few months.

Mr. James W. Farmer of the Lonsdale Phosphate Company, left yesterday afternoon for New Orleans, where he will be for a few days attending to business. Mr. Farmer will then return to his home in Savannah.

Dr. A. L. Izlar of Clermont is a business visitor to the city for a few days and is kept busy greeting his many friends. Dr. Izlar is quite delighted with Clermont and reports his drugstore getting along splendidly.

The members of the Episcopal church will hold a meeting tonight at the residence of Mr. and Mrs. Harry Clarkson to complete plans for the lawn fete that will be such an entertaining affair next Tuesday evening.

Mr. Paul W. Orchard, representing the American Agricultural Chemical Company, was in town yesterday. Mr. Orchard is traveling in an Essex automobile which he has driven 14,632 miles. Mr. Philip G. Murphy, the Ocala dealer in Hudson and Essex automobiles, was very much pleased at the splendid report Mr. Orchard gave of the Essex performance. His only repairs have been a couple of new spring bolts and a spring clip. The tire mileage was extraordinary. The original fabric tires averaged over 1,000 miles; one was in continual use for 11,900 miles. Mr. Murphy says this great tire economy is due to the exceptionally good balance of the Essex—obtained by proper distribution of weight.

### BUSINESS WOMAN'S MEETING

Last night in the basement of the Carnegie library the members of the professional and business woman's club held a very profitable business meeting, with their president, Miss W. Hunt presiding.

There was a good attendance and it is most encouraging to the interested ones of this club to see the wonderful growth it is making.

Matters of vital importance were brought before the meeting and discussed, one of which was the securing of rooms for the comfort of its members. It was also decided to purchase books on citizenship, which course will be studied and made more interesting by having lectures on same by some of the most noted speakers of the state.

On April 26-27th, the American Library Association will hold a meeting in Orlando and as our regular librarian, Miss Louise Gansby, and her assistant, Mrs. Ford Rogers, will attend, the library will be closed on those dates.

### WASHING AND POLISHING. 9-6t OCALA MOTOR CO.

The many friends of Miss May Parr will regret to learn that she continues quite ill at her home. It is sincerely hoped that Miss Parr will have a change for the better and at an early date be entirely well again.

Mrs. W. Z. Overby and daughter, Mrs. John F. Richards are guests at the home of Mr. Ed Parr. They were called to Ocala on account of the serious illness of Mrs. Overby's sister, Miss May Parr.

### GAS AND OIL. 9-6t OCALA MOTOR CO.

Mrs. Julia F. Weihe, Mrs. Alice Yonge and Mrs. Susan C. Cook left Tuesday morning to attend the Grand Chapter of the Order of Eastern Star, being held at Lakeland this week.

### HAMES AND DAVIS DIVIDE HONORS IN TRAP SHOOT

Bellevue, April 11.—More of Bellevue's birdshots tried their hands at trap shooting yesterday on the occasion of the Bellevue Gun and Rod Club's second shoot and they gave a very much better account of themselves than was the case two weeks ago when the club introduced the sport here and when it proved so puzzling that long rows of goose eggs were the rule.

Yesterday, instead of a small hand trap, a regulation field trap, generously presented to the club by its president, Fred F. Wendell, was employed and other conditions also were favorable to the straight shooting, which was witnessed by a "gallery" of some fifty spectators, most of them seated in motor cars.

Fourteen gunners toed the firing line, shooting at 15 "birds" each in strings of five and as reference to the detailed scores will serve to show, the contest was a splendid struggle all the way. A single hit or miss would have decided not only first place but second and third place also.

The necessary hit or miss not being forthcoming, the shoot resulted in a tie for first honors between Freeman Hames and J. W. Davis, each of whom shattered 12 of the flying discs. Davis looked all over the winner until his last "running," when two of his five shots missed their marks, while Hames missed but one.

Rev. S. E. Lawhon and F. E. Martin had an excellent opportunity to get into the tie for first place but each of them lost one of their final "birds," and finished "even up" with 11 hits to their credit. At that, both of them surprised themselves and their fellow members. Martin had never before fired at a trapshoot and the straight-shooting, straight-speaking minister, although an expert rifle shot had been able to do little with the scatter-gun. After scoring three misses with a double-barrel, he tried a single-barrel gun and thereafter but one "whizzer" escaped his aim.

For third place, Thomas L. Hames, captain of the club, R. G. Betts and Rex Nichols also shot themselves into a tie with scores of 10 hits. Betts coming from behind and winding up with five straight "kills," while two of Hames' and Nichols' last string got away from them.

As the supply of "birds" ran short, it was not possible to shoot off the ties and the honors of the day therefore remained divided.

Of the other contestants, W. S. Cogswell, who so easily won the Bellevue's club's first shoot, suffered an unusual reversal of form and pulverized but seven of his 15 targets. Among the "also-rans" was J. L. Fayette Whisenant, who had a better "aim" than most of them. Not only was he strange to trap shooting, but a capital bird and big game hunter, but he has but one arm. The genial and silver-haired Whisenant, who is familiarly known to Bellevue as "Uncle Joe," fired ten shots at the "clays," but all save two of them remained undamaged.

The scores in detail, by strings of five shots, were as follows:

F. Hames	10111	10111	10111	12
J. W. Davis	11101	11111	11001	12
S. E. Lawhon	00110	11111	10111	11

# YOUR DAILY BREAD

FROM the crude bread of primitive times, made from grains ground by hand on rude stones, to the fine-textured, tasteful, russet-crusted loaf of today, is a long step in improvement, but even in the hands of the most skillful housewife, good bread is largely a matter of good luck or "knack."

## Federal Bread

Baked by daylight, sold fresh from the ovens, typifies the highest achievement reached in bread making. It is *always uniform, always the creamiest, toastiest, most wholesome, most wholly satisfying* bread that you can buy.

Baked in spotless, sanitary, sunny, daylight rooms by a unique revolving oven process which transforms each loaf-size piece of creamy dough into a fine-textured loaf whose inimitable goodness is sealed in by a toasty, golden, all-over crust.

Federal System of Bakeries of America, operating its own Federal Bakeries in 274 cities with from 1 to 10 bakeries in each—controlling its own flour mills and its own manufacturing plant for making every piece of its remarkable day-tight baking equipment, makes this wondrous bread possible at popular prices.

Federal System of Bakeries of the South, Inc., operating under rights of the parent organization, controls the right to own and operate Federal Bakeries in North and South Carolina, Georgia and Florida; 23 Federal Bakeries are in full operation and plans are being consummated for the addition of 27 more.

The public is invited to inspect a Federal sunlit, sanitary, spotless daylight bakery and become acquainted with the cleanliness of the bakery and the distinctive merits of Federal Bakery goods.
